Lettuce Leaves

Materials

magnifying box

Other Materials
piece of lettuce that will fit inside magnifying box, crayons, paper

What to Do

- Look carefully at the lettuce. What do you see? How does it feel? Draw a picture of it.

I see a green leaf. It feels cool and slick.

- Place the lettuce in the magnifying box. Are you able to see anything you did not see before? Draw how the lettuce looks under the lens.

Yes. I can see lines in the leaves.

Inquiry Check

Why is it helpful to observe the lettuce in the magnifying box?

You can see more details of the object.

Inquiry Skills Observe, Compare

Nature of Science
It is important to observe things often and compare them.
