Name _____

Investigate Log

Independent Inquiry

When you classify, you put things that are alike into groups.

Materials

Here are some materials you might use.

Draw other materials you may need.

index cards

crayons

1. Make picture cards of edible and nonedible plants. Sort the cards into two groups.
2. Draw pictures to show how you classified the plants. Add other plants to each group, too.

In the edible group, children should draw edible plants. In the nonedible group, children should draw nonedible plants.
