Lesson Quick Study

Lesson 2 - What Helps Plants and Animals Live in Places?

1. Inquiry Skill Practice–Draw Conclusions

Draw an animal with a hard shell. Then draw a conclusion about how the shell helps the animal. Write to explain.

Possible answer: A turtle hides under its shell to stay safe.

2. Use Vocabulary

Fill in each blank with **camouflage** or **adaptation**.

A brown deer may use camouflage to hide in brown grass.

A fish may have an adaptation to help it move.
