Name _____

Date _____

Vocabulary Power

Motion

Look at these words. How do they change when you add word endings?

magnet + –ic = magnetic **acid + –ic = acidic**	**observe + –ant = observant** **repel + –ant = repellant**

Now look at the words below. Add the new ending to each one to make a new word. Then use what you know to give the new word's meaning.

1. force + –ful = forceful

Circle the letter next to the new word's meaning.

A with no force

B with a lot of force

2. motion + –less = motionless

Circle the letter next to the new word's meaning.

A moving a lot

B not moving

3. speed + –y = speedy

Circle the letter next to the new word's meaning.

A with no speed

B with a lot of speed
